

# PTFE Heat Exchanger

Code:PTFE Heat Exchanger

## Description

Kaxite is one of the leading China PTFE Heat Exchanger suppliers and manufacturers, and with productive factory, welcome to wholesale PTFE Heat Exchanger products from us.

Item no.:PTFE Heat Exchanger

## PTFE Heat Exchanger

### Product number:PTFE Heat Exchanger

PTFE heat exchanger contains two parts, PTFE extruded tubings which are manufactured by dispersion raw materials and PTFE sticks which are manufactured by suspension raw materials. PTFE has reliable properties of anticorrosive, not aging, heat resistance, non-stick and self-lubrication. So PTFE heat exchanger has a wide application, long life of use. It is stable and easy to clean and install, all of which makes it the most ideal heat exchanger..

### [ Main properties ]

Properties	Unit	Result
Tensile strength (min)	MPa	15
Ultimate elongation (min)	%	160
Heat Exchange Rate (min)	%	90
Temperature Limit		250
Compressive Strength	MPa	0.4

# PTFE Heat Exchanger

Code:PTFE Heat Exchanger

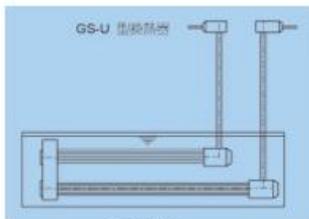

## [ Applications ]

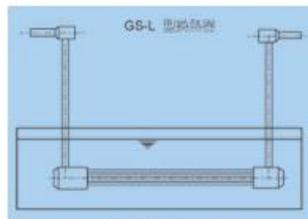

Grooves of acid, plating bath chromeplate bath, etc.

## [ Types and Parameters ]

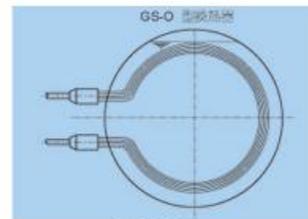

Number of Tubings	Tubing Size	Heat Exchange Area (m2)
10	6X1200	2.26
25		5.65
50		11.30
